

MATERIALS

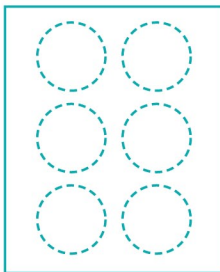

- Color printer
- Heavyweight paper (we suggest 65-pound cardstock)
- Cutting tools
- Hole punch
- Ribbon (preferably green and red)

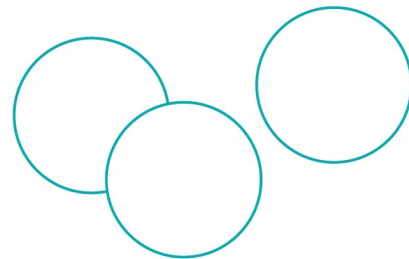

Note: Cutting intended for grown-ups only.

INSTRUCTIONS

- 1 Customize the medals by typing in the space provided. Print the medals on heavyweight paper. Set aside to dry.

- 2 Cut out all of the medals just inside the dotted lines.

- 3 Make a hole right above the logo with a hole punch. Pull the ribbon through it. Make sure there is enough ribbon to go around the child's neck and hang like a real digi-medal on their chest!
